

## VETBIONET

### Agenda of the Workshop of WP3 Task 3.2 “BSL3/BSL3+ aquatic animal infection facilities: steps to achieving conformity with ISO biocontainment standards”

Wednesday 31 <sup>st</sup> January 2017		
0830-0900	Arrival and registration/orientation	
0900-0915	Welcome and introduction – U McCarthy, MS	
0915-0930	Overview of workpackage and intended outcomes from this workshop on aquatic facilities	H Simmons, APHA
0930-1000	<i>Classification of principal agents – scoring/discussion</i>	ALL
1000-1030 Coffee		
1030-1050	Designing the Ellis aquarium – MS	U McCarthy, MS
1050-1110	Design of facilities at ANSES	T Morin, ANSES
1110-1130	<i>Discussion of facility design a)</i>	ALL
1130-1150	Facilities at IZSVe	A Toffan, IZSVe
1155-1215	Facilities at INRA	D Rigaudeau, INRA
1215-1300	<i>Discussion of facility design b) Identifying components specific to aquatic facilities</i>	ALL
1300-1400 Lunch		
1400-1430	<i>Discussion of operational practices specific to aquatic facilities</i>	ALL
1430-1440	UV and O3	U McCarthy, MS
1440-1500	O3 treatment	T Morin, ANSES

VetBioNet – H2020 n°731014

1500-1530	<i>Discussion of wastewater treatment and inactivation - specific areas for attention</i>	ALL
1530-1600 Coffee		
1600-1620	Perspective from terrestrial biocontainment, IVBSC site	U Mueller-Doblies, EpiBiosafe
1620-1700	Open discussions with delegates – gap analysis	ALL

<b>Thursday 1<sup>st</sup> February 2017</b>		
0915-0945	<i>Review of presentations and discussions – suggestions for areas to address for best practice</i>	ALL WP3 partners
0945-1200 <i>Ad hoc coffee/tea</i>	<i>Drafting of findings and recommendations from discussions</i>	ALL WP3 partners (3 groups) Design Operational Waste
12.30	Close of meeting and departure
